**Why this course? What will you learn? What makes this course so special?**

- FCE and CAE is a University of Cambridge English exam for students who can use everyday written and spoken English at a more advanced level.
- If you want a course that will help you improve every area of your English and you enjoy a really challenging course, Impact's FCE and CAE courses are the right ones for you!
- These classes are focused on increasing understanding and usage of grammar and vocabulary, formal and informal language, communication skills and reading and writing skills.
- A smaller closed class which gives students a real bond and great support from teachers. All students are focused on reaching the same goal and assisting each other to get there.
- Exam techniques: Students learn not only practical English but how to approach the different papers in the exam. Students will do practice tests at home and in class to make sure they know what is in each paper and how to work within the time limits of the exam.
- Teachers have over 20 years experience in this course and will push students to work hard and really use their English in order to improve.
