"In a time of drastic change it is the learners who inherit the future." - Eric Hoffer ●●○●

Greetings from...Rowena

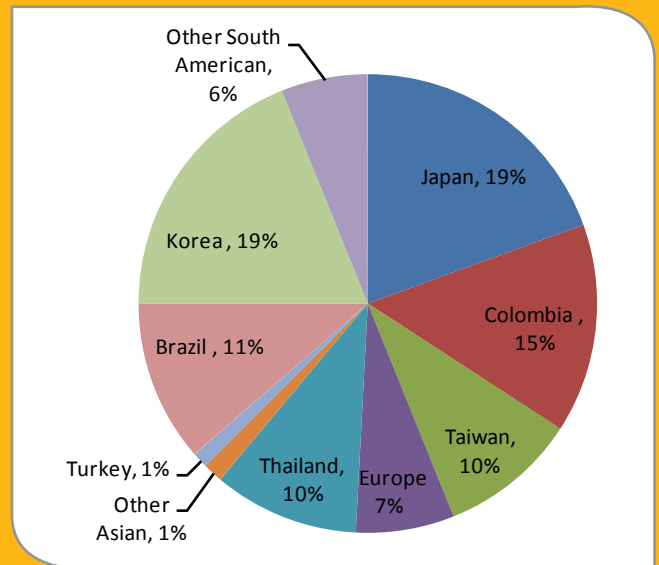

Hi everyone! I'm Rowena and I recently joined Impact as an Administrative Officer. I'm looking forward to being a part of the amazing team that make up Impact. I have recently studied teaching, and was fortunate enough to complete part of my degree through a study abroad program in Kansas, U.S.A. I congratulate all of you who have made the challenging transition from your home country to Australia,

to study English and explore your opportunities. I certainly know that it can be a daunting experience. However, make the most of the wonderful adventures Impact has to offer, and continue to improve those English skills through interacting with new people everyday. Studying in Australia is not only an experience to learn about Australian life and culture, but also many of the other countries and cultures of students who make up Impact. What an exciting place to be!

Another experience that we have in common is that I have recently moved to Melbourne too! I am from Canberra, A.C.T. and am adjusting to a different life of living in a big city. I have been lost many times, but am enjoying meeting new faces everyday, and know that it is the only the start of a wonderful adventure. If you have any problems or concerns while studying at Impact, I would be more than happy to help. My desk is at reception, Level 5, and I would love to see some friendly faces.

I hope you all fulfil your life goals through learning the English Language. I'm looking forward to meeting you all and hope you enjoy your learning process at Impact!

Where is everyone from?
